**AMOUNT, DURATION AND SCOPE OF MEDICAL AND REMEDIAL CARE AND SERVICES PROVIDED  
CATEGORICALLY NEEDY**

---

1. Inpatient hospital services other than those provided in an institution for mental diseases

Payment is made for compensable inpatient medical and surgical services to those hospitals which have a contract with this Agency. General acute care inpatient hospital services are limited to 15 days per individual per State fiscal year.

See 4.b., EPSDT

Medical necessity for hospital services is subject to review by the peer review organization and determination that a period of hospitalization is not medically necessary will result in a non-compensable service.

b. EPSDT (continued)

- (9) Transportation - provided when necessary in connection with examination or treatment when not otherwise available as authorized.
- (10) Medical supplies, equipment, appliances and prosthetic devices not otherwise available to Medicaid recipients in the state under the State Plan are available when preauthorized.
- (11) General acute care inpatient hospital services are limited to 15 days for adults (per fiscal year July 1 through June 30). Under EPSDT, inpatient hospital services for persons under the age of 21 are unlimited. All psychiatric admissions for children require prior authorization for an approved length of stay.
- (12) EPSDT services furnished in a qualified child health center which includes the following:

**(A.) Child Health Screening Examination:** An initial screening may be requested by an eligible individual at any time and must be provided without regard to whether the individual's age coincides with the established periodicity schedule. The periodicity schedule recommended by the American Academy of Pediatrics has been adopted for use by the State and can be found on Attachment 3.1-A, Page 1a-6.3g. Interperiodic screens necessary to make a determination that an illness or a condition is (or might be) present will be provided to EPSDT recipients as medically necessary and billed as an appropriate encounter. The initial and all periodic health screening examinations must include all of the following components to be compensable.
